REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: With respect to claims 1 and 9, the prior art does not disclose nor render obvious the claimed combination of subject matter, particularly, a garbage container assembly mounted inside said sweeper body, said garbage container assembly for receiving garbage drawn into said sweeper by said suction device; a basket movable into and out of said garbage container assembly; and a lift mechanism coupled to an underside of said basket, said lift mechanism being movable between a retracted position and an extended position. All the prior art show a collection container mounted to the frame of the vehicle; not a basket inside a garbage container inside a sweeper body. The closest prior art is applicant's own work 6,041,471. In this there is no mechanism to lift the basket out of the garbage container, nor would there be any motivation to provide a mechanism to lift the basket out, absent impermissible hindsight.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
